ACCELERATED UG/GR DEGREE AND COURSE DESIGNATION REQUEST

e-mail grads@vt.edu

Apply online to a graduate degree program and then submit this form to the Graduate School for processing. Both the online application and this form are needed to finalize the graduate degree program admission decision and designate UG/GR status. This form notifies the Graduate School of your departmental support for the accelerated UG/GR degree and designates the courses to be used in the program. All course information must be completed in full and a letter grade of B or higher is required for any course to be used toward the graduate degree.
